

# PHOTONICS ENTREPRENEURSHIP DAY

Monday, September 15th, 2014  
Zentrum für Photovoltaik und Erneuerbare Energien

**THE GERMAN CAPITAL REGION**  
excellence in photonics

# Photonics Entrepreneurship Day | September 15<sup>th</sup>, 2014

## PROGRAMME

Entrepreneurs are drivers of innovation and the economic society, and the photonics industry offers a myriad of opportunities. Entrepreneurs are typically founders and leaders of companies, but can be found at any position in a company. Leadership is not a hierarchical position, it's an attitude. Join us for an exciting discussion with industry leaders sharing their experience of their entrepreneurship journey!

<b>17:00 – 18:00</b>	Welcome Reception of Photonics Entrepreneurship Day
	Moderation Carlos Lee, Director General of European Photonics Industry Consortium (EPIC)
<b>18:00 – 18:15</b>	Address of Welcome Senator Cornelia Yzer, Senate Department for Economy, Technology and Research – tbc
<b>18:15 – 18:35</b>	Key Note Milton Chang, Founder of Newport and New Focus, CEO and serial entrepreneur of Incubic
<b>18:35 – 19:30</b>	Panel Discussion Inigo Artundo, CMO VLC Photonics – tbc Bjoern Bollensdorff, Founder and CEO of Panono Milton Chang, Founder of Newport and New Focus, CEO and serial entrepreneur of Incubic Wolfgang Gries, Founder and CEO of DirectPhotonics Industries Thomas Laurent, Founder and CTO of eagleyard Photonics Andreas Nitze, CEO of Berliner Glas Group
